# Signs Coat Stand

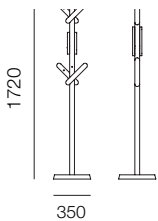

by Big-Game

Playful and bold is the Signs coat stand by Karmioku New Standard.

Signs features six arms attached to a central post that are able to pivot and fold out in two directions to form the hooks of a coat stand. The top, middle and bottom arms are positioned in an alternating direction, with strong magnets within the central post holding the hooks in a vertical position when they are not in use.

Utilising Itaya Maple timber, the Signs coat stand is available in either a natural stain finish or grey lacquer.
