In workspace, educational and hospitality settings, the George barstool is a practical and functional solution.

Available in two seat heights, the George barstool features a fully upholstered shell in either fabric or leather with plain stitch or optional half horizontal line stitch detail. The backrest is available in full size shell or low back version. The mild steel frame may be finished to polished chrome or to a range of house powdercoat colours.

George is a complete seating collection consisting of 4 leg chair models, a sled base chair and a castor base models suitable for meeting and executive areas.

**Seat Height**  
650/750mm
