Maintenance
Please refer to the Stylecraft Care & Maintenance Guide on product listing

With simplicity and fun at its core, the design of the Met Stool is suited to residential, hospitality, and commercial applications.

The seat is available as a circle or a radiused square, both of which are recessed for comfort.

Featuring seat heights of 450mm, 650mm and 750mm, Met Barstools is available in two solid timber options; American White Ash in either natural or stained to a choice of 5 lively colourways, or in natural American Oak. Met is also available as a low stool with 450mm seat height.
